Sedge Thomson's West Coast Live Radio Show – 10 AM to Noon

Optical Digital Aquaphone – Right after the show starts

I believe that Sedge will be testing out the new Y2K compliant **Biospherically Enhanced Optical Digital Aquaphone** this show. Be sure to volunteer to be a beta tester!

Audience True Stories – Mid point of the show – about 11 AM

The live audience writes their Audience True Stories on 3x5 index cards, which are collected during the mid-show break. Sedge reads many of these on the air.

The rules are simple:

1. The story must be plausible.
2. The writing must be legible.
3. It must fit on a 3x5 index card. No manuscripts please.
4. Remember that this is a family show.

Note: Rule #1 is not enforced.

Photos – Right after the show, little after noon

We'd like to take a group photo after the show, perhaps even in the theater.

Raffle – After the photos

We'll raffle off a Chez Panisse gift certificate and two sets of tickets for a future West Coast Live performance. We'll do the raffle right after photos.
